## United States Federal Trademarks including International Trademarks designating the United States

### ■ Contents:

USMARK contains all of the US Federal Trademarks in force since 1884 as well as lapsed trademarks (expired, abandoned or cancelled) since 1984. It covers all the information recorded in the USPTO system (United States Patent & Trademark Office) about the Federal marks, including trademarks, service marks, certification and collective marks, marks filed for use, intent to use or those that were already registered abroad. It is possible to search for assignments, opposition procedures as well as applications for International registrations.

USMARK also covers International Trademarks designating United States, USA party to the Madrid Protocol.

Image of logos is available.

For a comprehensive search on the United States, it is necessary to search also for US State Trademarks. Both databases are available in the cluster VUSMARK.

### ■ Coverage:

- From 1884 for Federal trademarks
- From November, 2003 for Federal trademarks coming from International registrations
- From May, 2004 for International registrations of Federal trademarks
