

International Designs

- **Contents:**

Legal, administrative, bibliographic information and images concerning International industrial designs:

- The WO latest publications are not published online before an undefined period of time. Still, the missing records can be found in Questel; their images will appear once the WIPO publish them online.
- An international design is valid for 5 years after the application date.
[More about the international designs regulations.](#)
- 1st Publication Bulletin of the office: 1999 (1979 at Questel)
- The update is programmed within 24 hours of reception of the data from the office.

- **Search format:**

Design number:

D<6 digits>-<3 digits> Dxxxxxx-yyy Example: D068551-001

Specifications on some search fields:

Design Number: Any multiple designs in a single application are broken into 1 record per design, sharing a single parent number in the format x number of digits – y number of digits, where “x” is the parent design number and “y” is an incremental suffix number, also called child.

You can get the most updated database status directly on DesignFinder interfaces under the Source Field.
