## Questel Adds Searching from The Patent People to Integrated IP Services Offer

Washington, Paris – January 21th, 2009

Questel is pleased to announce the addition of **The Patent People** to our family of companies. **The Patent People** will enable Questel to offer our customers comprehensive search services in technology areas such as electrical, chemical, petroleum, mechanical, and biotech, including:

- Patentability and Novelty Searches
- Collection Searches
- Infringement Searches
- Validity Searches
- State-of-the-Art Searches

**The Patent People** will also strengthen Questel DigiPat's IP document delivery business in providing:

- Expanded File-History services and inventory (worldwide)
- Patent Copies
- Assignment and Title Searches
- Copyright Searches
- Legalizations and Authentications
- Certifications (Patent and Trademark)

Our website is currently in transition. For more information, please contact Orlando Fuentes ([ofuentes@questel.com](mailto:ofuentes@questel.com)).

**About Questel:**

For over 30 years, Questel has been helping to manage the world's most important Intellectual Property portfolios.

We provide a suite of leading-edge patent, trademark and industrial design services to executives, scientists, researchers and competitive-intelligence professionals, and help turn their IP information into real value and enhance their organizations' competitiveness.

Known for our extensive database collections, we also provide a wide array of tools for: searching and watching IP information; scanning, visualizing, analyzing, archiving and sharing results; and IP docket management.
