Worldwide Trademark Law Online

E-Mark<sup>®</sup> is an online tool containing trademark law and practice from over 200 dependent and independent jurisdictions.

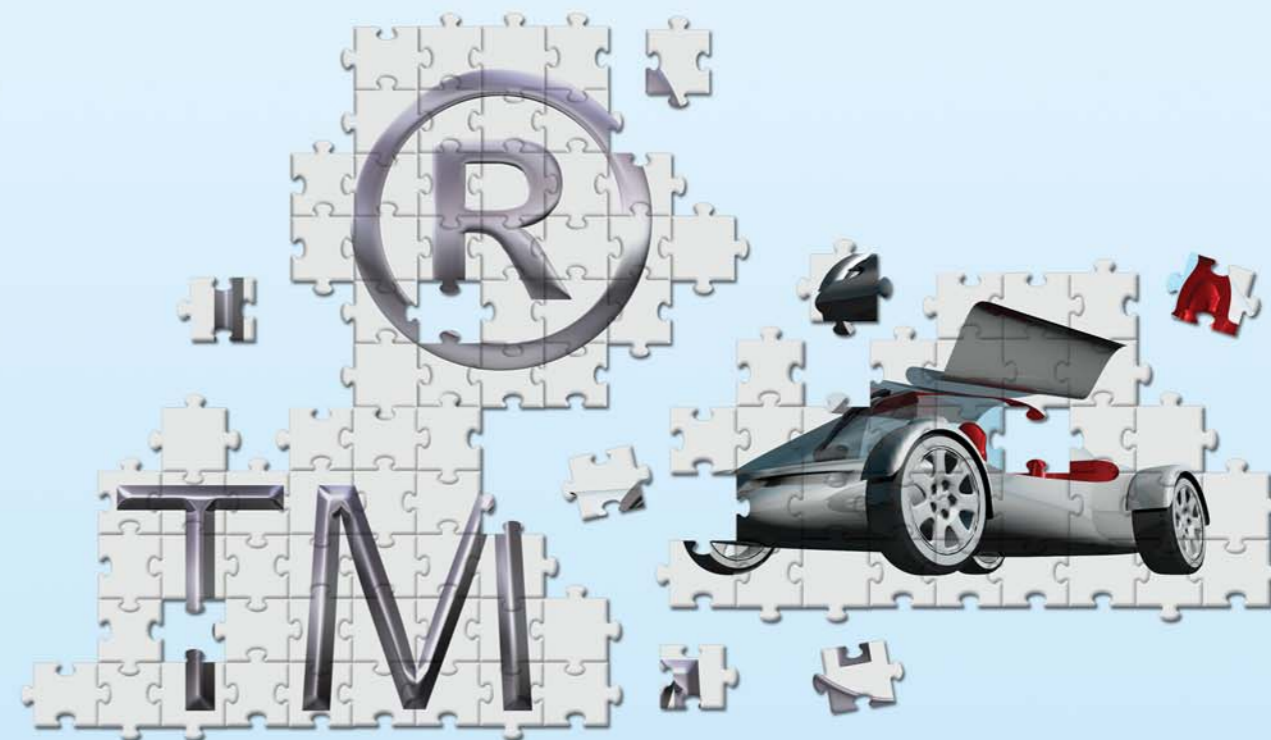

As well as providing accurate information on single countries, E-Mark<sup>®</sup> is unique in its ability to create user-friendly listings comparing multiple jurisdictions for the same submitted questions.

IP Portfolio Management system

WorldSuite<sup>®</sup> facilitates the management of trademarks, patents, domain names, and industrial designs, including all conflicts, oppositions, licences, ...

You may also access your database directly from the Internet.

Regular upgrades and quarterly law updates are provided to keep it on the cutting edge.

- Is my trademark identical or similar to trademarks of others?
- What is the current status of a given trademark or design?
- Which trademarks have been published for opposition recently?
- What are my main competitors' trademarks and designs?
- How many trademarks and designs are listed under a certain representative?
